UNISON Personal Learning Development Grants

for Schools Support Staff Members

We know how difficult it is to afford training to improve your job prospects due to huge increases in course fees and the withdrawal by many employers of financial support for career development.

Our Schools Support Staff members make up an increasing proportion of our union's membership. To help you get on at work and develop your career, UNISON is piloting Personal Learning Development Grants for Schools Support Staff. **10 awards of up to £300 each** are offered to help pay for course fees.

These grants can be used for a wide range of courses. They can help towards fees on any general non-vocational course (e.g. IT courses, skills training, languages etc.) or any vocational course relevant to working in public services (e.g. counselling, accountancy and management courses would be supported but not beautician training or electronic engineering!).

We will give preference to members with few or no qualifications when allocating these awards. We are also keen to hear from members who are active in their branch. However applications are welcomed from all Schools Support Staff members.

To Apply

Complete and return the application form overleaf to reach us by **27 August 2015**. We will consider all applications on that date so that grant criteria can be applied fairly, and let all applicants know the outcome very shortly after that date.

In addition to the conditions mentioned above, the following also apply for receipt of a learning grant:

- 1) You must be a member of UNISON for at least 4 weeks prior to applying for an award, have no arrears of subscriptions, and continue to pay membership subscriptions during the time you are supported by an award.
- 2) Each member can receive one UNISON learning grant only in each calendar year, up to a maximum of four grants.
- 3) Grants will be made at the discretion of the NEC Development & Organising Committee.

UNISON LEARNING GRANTS

FORM FOR PAYMENT TO MEMBERS BY BACS

The Union's preferred method for paying bursaries is to transfer money direct to members' bank accounts by BACS. This avoids the risk of cheques being lost or delayed.

Payments are processed on a weekly basis and members will be sent a remittance advice showing details of payments. This will be sent by email where possible to keep costs down.

So that we can process any payment due to you via the BACS system, please complete the form below and return it to **UNISON Learning and Organising Services, UNISON Centre, 130 Euston Road, London NW1 2AY.**

UNISON's Education Partnerships

UNISON works with a range of educational providers including the National Extension College (NEC). The NEC offers second-chance learning to people for whom attending regular classes at a school or college would not be possible. UNISON members can claim 10% discount on all NEC courses.

The NEC delivers its courses by distance learning. These include GCSEs and 'A' Levels, and qualifications in childcare and early years. From 2015, CACHE accredited courses in Supporting Teaching and Learning are also available.

FREE Taster: To help you find out whether distance learning courses are for you, the NEC is offering UNISON members a free taster course, 'Children's Growth and Development'.
